## Welcome to Belize (Saturday to Saturday)

Belize is a wall diver's paradise. Sheer walls like Painted Wall, Half Moon Caye Wall and Quebrada are adorned with huge crimson gorgonians and giant orange elephant ear sponges. Moray eels, spiny lobsters and tiny arrow crabs hide in every crack, crevice, cave and tunnels of these beautiful coral formations. These are just a few things you will see at Lighthouse Reef, Half Moon Cay and Turneffe Reef.

Every Saturday at 6 pm, the luxurious **Belize Aggressor IV (formerly Sun Dancer II)** casts off from the Radisson Ft. George dock, located in the heart of downtown Belize City for a week of hassle-free diving to Lighthouse Reef, Half Moon Cay and the famous Blue Hole. The mystical Blue Hole, a collapsed freshwater cave system is approximately 1000 feet across and over 400 feet deep. The Blue Hole was made famous by ocean pioneer Jacques-Yves Cousteau who declared it one of the Top Ten Dive Sites in the World. In 1971, he brought his ship, the Calypso, to the Blue Hole to chart its depths. Once descended into the Blue Hole guests will see beautiful vertical stalactite formations.

Diving begins Sunday morning and ends Friday before lunch when the Belize Aggressor IV returns to port. Sunday through Thursday there is unlimited diving throughout the day and a night dive each evening. Friday a half day of diving is offered. A trip to this Central American paradise isn't complete without a visit to Belize's Mayan ruins, a cave tubing ride through the jungle, or a canopy tour through the tree tops. Tours are offered on Friday afternoon, but an extended stay is recommended to fully enjoy the wonders of Belize. Guests may enjoy the Radisson Ft. George Hotel pool facility and bar area on Saturday free of charge.

Belize is home to the world's second largest barrier reef, ancient Mayan Ruins, spectacular rivers, rainforests and wildlife. It has three of the only four true coral atolls found in the hemisphere.

The marine life that inhabits the barrier reef is extraordinary and diverse. It includes everything from schools of tarpon, turtles and stingrays to a wide variety of tropical species, and of course, the famous Blue Hole. The Blue Hole is a collapsed freshwater cave system that is approximately 1000 feet across and over 400 feet deep. It was made world famous by ocean pioneer Jacques-Yves Cousteau.

### THE YACHTS INCLUDE:

All staterooms are air-conditioned and fitted with a private toilet, shower, sink, hair dryer and robes. Breakfast (cooked to order), buffet lunch and an elegant meal at dinner with tableside service are served in addition to fresh mid-morning and mid-afternoon snacks. Beverages, soft drinks, local beer and wine are complimentary while onboard. Linens are changed mid-week and fresh towels are placed in each stateroom as needed. Filled tanks, weights and weight belts are included.

### SINGLE TRAVELERS & SINGLE SUPPLEMENT

All rates are quoted on a share basis; therefore you will be roomed with another person of the same gender. If you would like a private room, the cost is a 65% surcharge and will guarantee you a private room.

### ITINERARY

Throughout the week you will dive at Turneffe and Lighthouse Reef. Sheer walls like Painted Wall, Half Moon Caye Wall and Quebrada are adorned with huge crimson gorgonians and wandering, lilac rope sponges. Weather permitting; divers explore the mystical Blue Hole, a collapsed freshwater cave system. With all dives from the mother ship, five dives a day are the norm. Diving begins Sunday morning and ends Friday before lunch when the yachts return to port. The crew hosts a sunset cocktail party at 5:30 p.m. followed by dinner ashore (this is the only meal not included in the cruise). Saturday morning at 8:00 am, guests are transferred to the Belize Airport or a local hotel. Be sure to remember the suggested 24 hour no-fly rules when planning your departure. Throughout the week there will be opportunities to go ashore for swimming, snorkeling and beach combing.
